OUR MISSION

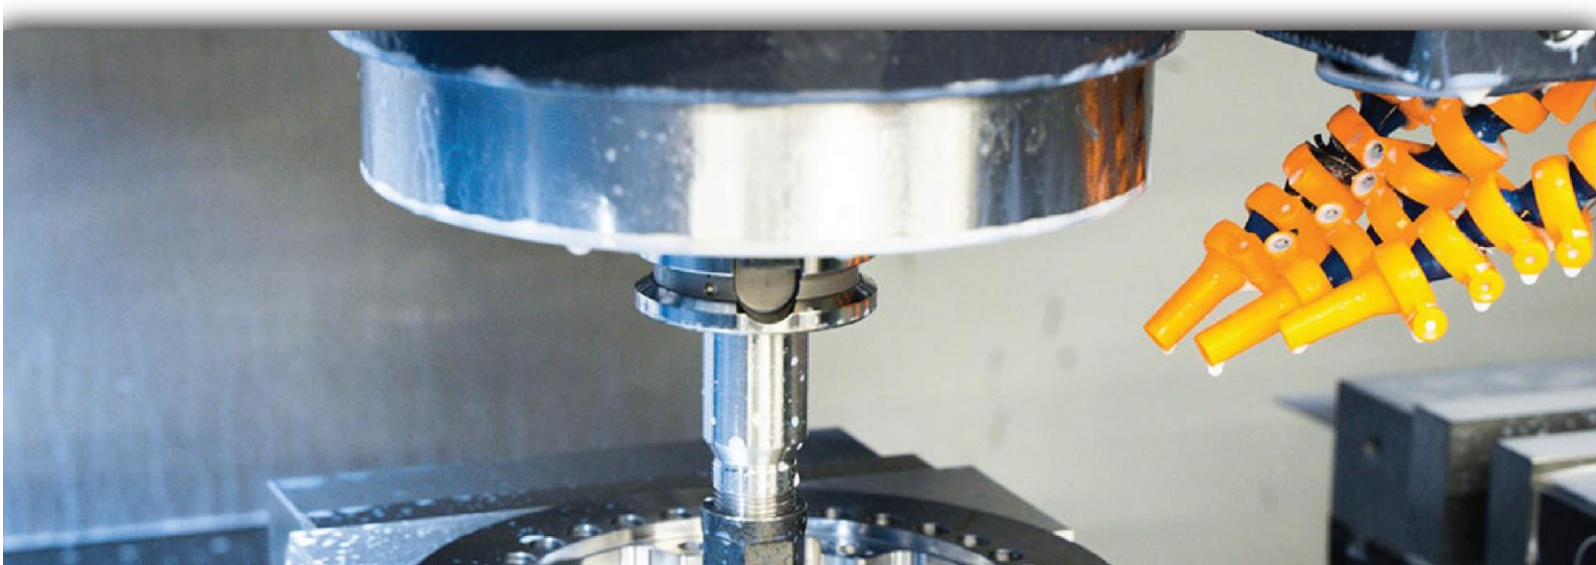

Our mission at Leon International is to deliver exceptional engineering solutions and supply services that exceed the expectations of our clients. We strive to maintain the highest standards of quality, reliability, and professionalism in all our endeavors, ensuring long-term partnerships and mutual growth.

OUR VISION

Our vision is to be a leading global provider of engineering solutions and general order supply services, recognized for our commitment to excellence, innovation, and sustainability. We aim to continuously expand our capabilities, explore new markets, and foster a culture of creativity and collaboration within our organization.

ABOUT OUR **COMPANY**

Welcome to Leon International, a leading provider of comprehensive solutions for the food industry. Our expertise spans across the supply of high-quality machines, electrical and mechanical parts, and maintenance services to ensure optimal performance and reliability for your operations.

We manufacture and supply reliable machine parts designed to meet industrial needs, ensuring durability and excellent performance. Additionally, we supply high-quality chemicals essential for various processes within the food industry, meeting industry standards and enhancing your production processes.

Our Core Values

Integrity:

We conduct our business with honesty, transparency, and ethical practices, building trust and credibility with our clients, partners, and stakeholders.

Quality:

We are dedicated to delivering superior quality products and services that meet the highest standards of excellence and reliability.

Innovation:

We embrace innovation and technology to drive continuous improvement and stay ahead of industry trends, offering cutting-edge solutions to our clients.

Customer Focus:

Our clients are at the heart of everything we do. We prioritize their needs, listen to their feedback, and strive to exceed their expectations at every step.

Teamwork:

We foster a collaborative and inclusive work environment where teamwork, mutual respect, and diversity are valued, enabling us to achieve our goals collectively.

Prime Customers:

Our prime customers include renowned organizations such as Hilal Food and Dipitt Food, among others. We are proud to serve these esteemed clients and are committed to delivering exceptional value and service to meet their specific requirements.

At Leon International, we are dedicated to excellence, innovation, and customer satisfaction. With a focus on quality, integrity, and continuous improvement, we are poised to make a positive impact in the engineering and general order supply industry, both locally and globally.

Our Expertise

High-Quality Machinery

- We specialize in supplying state-of-the-art machines imported from renowned manufacturers, ensuring that our clients have access to the latest and most advanced technology.
- Our machines are meticulously designed to meet the highest standards of quality and efficiency, providing robust and reliable performance that enhances productivity in the food industry.

Machine Parts

- We source top-tier electrical and mechanical parts from trusted suppliers, guaranteeing the best quality for your equipment. Our parts are selected for their superior performance and reliability.
- In addition to sourcing, we also manufacture our own machine parts. These parts are crafted with precision and care, known for their exceptional durability and excellent performance. They are specifically designed to meet the rigorous demands of the food industry, ensuring long-lasting and efficient operation.

Maintenance Services

- Our team of skilled engineers offers comprehensive maintenance services, ensuring that your machinery and equipment operate at peak efficiency.
- We provide both mechanical and electrical engineering support, addressing all aspects of machine performance and upkeep.
- Our maintenance services include regular check-ups, troubleshooting, and repair services, ensuring that any issues are promptly and effectively resolved to minimize downtime and maximize productivity.

Food Supply Chain Support

- We play a crucial role in the food supply chain by providing a comprehensive range of products and services. Our offerings support the entire food production process, from raw material handling to final product packaging.
- By supplying essential machinery, parts, and chemicals, we help ensure that your food production operations run smoothly and efficiently, contributing to the overall success of your business.

Installation Services

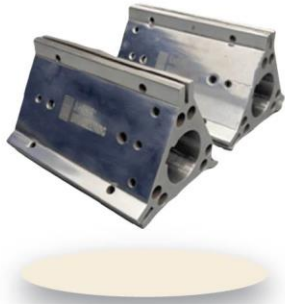

- We provide expert installation services for all our machines and parts, ensuring that they are correctly and efficiently integrated into your existing operations.
- Our experienced technicians handle the installation process with precision, ensuring seamless integration and minimal disruption to your production workflow.

Chemical Supplies

- We supply high-quality chemicals that are essential for various processes within the food industry. Our chemicals are carefully selected to meet the specific needs of food production and processing.
- All our chemicals meet industry standards, ensuring safety and efficacy. They are designed to enhance your production processes, improving efficiency and product quality.

Our Products

Sealing Jaws

At Leon International, we pride ourselves on being industry leaders in the manufacturing of high-quality sealing jaws. Our products are meticulously crafted to provide superior packaging solutions that ensure the longevity and safety of your products. Our sealing jaws are made from the finest materials, ensuring durability and reliability in every use. Designed to provide a perfect seal, our jaws maintain the integrity of your packaging, keeping products safe and fresh. Built to withstand extensive use, they offer consistent performance over time. We offer tailored solutions to meet the unique needs of your packaging processes and continuously innovate to bring you the most efficient and effective sealing solutions.

Choosing Leon International means enhanced product shelf life, as our sealing jaws keep products in optimal condition for a longer duration. They are cost-effective, reducing waste and ensuring efficient use of materials. Our sealing jaws are also user-friendly, easy to install and operate, minimizing downtime in your production process. With versatile applications, they are suitable for a wider range of industries and packaging requirements. Trust Leon International for reliable and durable packaging solutions that stand the test of time, and experience the difference that quality, innovation, and reliability can make in your packaging operations.

Forming Tube

At Leon International, we take pride in manufacturing high-quality Forming Tubes, essential for the efficient operation of packaging machinery. Our Forming Tubes are precisely designed to transform flat packaging materials into a tubular shape, enabling smooth and accurate filling and sealing processes. Crafted with a focus on precision and durability, our Forming Tubes ensure consistent material alignment and reduce the risk of packaging errors. Suitable for a wide range of industrial applications, our Forming Tubes enhance productivity and reliability, ensuring seamless integration into your packaging workflows.

Vertical Plating Type Sealer

At Leon International, we specialize in the manufacturing of advanced vertical plating type sealers, designed to meet the diverse needs of various industries. Our vertical plating type sealers are engineered to provide efficient, reliable, and high-quality sealing solutions that ensure your products are securely packaged.

Our vertical plating type sealers are crafted from top-grade materials, guaranteeing exceptional durability and long-lasting performance. These sealers are ideal for high-speed production environments, delivering consistent and precise seals that maintain the integrity of your packaging. Their innovative design allows for easy integration into existing production lines, enhancing overall efficiency and productivity.

Choose Leon International's vertical plating type sealers for an optimal packaging solution that combines efficiency, durability, and versatility. Trust us to deliver sealing equipment that enhances your production capabilities and ensures the safety and quality of your products.

Stretching Rubber Roller

At Leon International, we are dedicated to providing top-of-the-line stretching rubber rollers that cater to various industrial applications. Our stretching rubber rollers are engineered for precision, durability, and reliability, making them an essential component in your production processes.

Our stretching rubber rollers are manufactured using premium quality rubber and advanced technology, ensuring superior performance in various industrial settings. These rollers are designed to provide consistent stretching and tension control, essential for processes that require precise material handling and uniformity.

Choose Leon International's stretching rubber rollers for an efficient, reliable, and high-quality solution to your material handling needs. Our commitment to excellence and innovation ensures that you receive products that enhance your production capabilities and maintain the highest standards of quality.

Forming Collar

We specialize in producing high-quality Forming Collars that are essential for use in Forming Tubes and play a crucial role in shaping and guiding packaging materials. Our Forming Collars are meticulously engineered to provide perfect alignment and consistency, ensuring the material transitions smoothly from flat sheets to tubular forms. With a focus on precision and durability, our Forming Collars enhance the efficiency and reliability of your packaging processes, reducing wrinkles and misalignment. Designed for optimal performance in a variety of industrial applications, our Forming Collars ensure seamless operation and superior sealing quality every time.

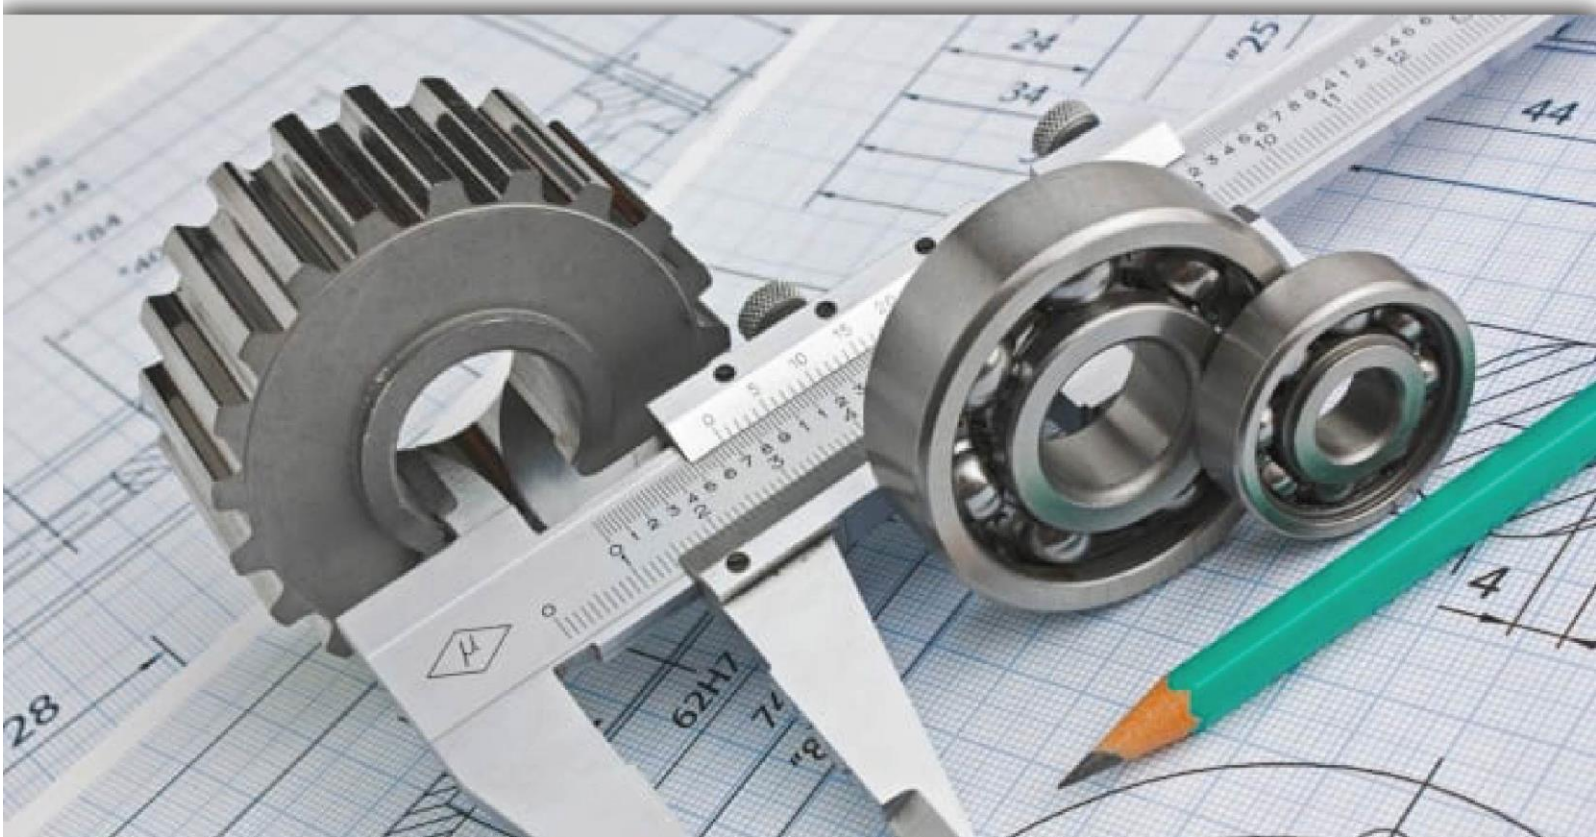

Graphic Sealer

At Leon International, we supply specialized vertical and adjustable 4-side sealers equipped with a plain area, catering specifically to sachet packaging and spices. Designed for the food industry, our sealing packs offer a comprehensive solution for preserving and protecting food products. These versatile sealers ensure optimal sealing from all sides, maintaining product freshness and integrity throughout storage and transport. With our commitment to quality and innovation, we provide packaging solutions tailored to meet the unique needs of the food industry, ensuring efficiency and reliability in every sealing operation.

Fin Wheels

Leon International is renowned for delivering top-notch Fin Wheels engineered to excel in heat dissipation across various applications. Our meticulously crafted Fin Wheels guarantee superior performance, durability, and reliability, elevating the efficiency of your systems by effectively managing excess heat.

OUR **Commitment**

At Leon International, we are committed to delivering exceptional products and services to our clients in the food industry. Our dedication to quality, reliability, and customer satisfaction sets us apart as a trusted partner in your business success.
